

## ORIENTEERING CHALLENGE No.1

Here is a course of 10 points for you to find your way round.

You can print or photograph these instructions to take with you.

You will need a compass. You can use a proper map-reading compass or you may have one on your mobile phone.

All the points are memorials but not necessarily trees.

The start point is at the T junction of paths inside the BWT main entrance in the Church Landway, at the tree with a plaque containing the first words below.
